Introduction

Congratulations! You now own a ROLODEX® Electronics organizer, a powerful 64K electronic organizer that utilizes turbo memory storage to hold 96K. Using this organizer you can:

- keep track of daily appointments,
- store and retrieve telephone numbers and addresses, Internet addresses, memos, and To Do items,
- set two clocks to keep the time and date in 32 locations around the world,
- set a Daily Alarm,
- perform mathematical calculations,
- perform metric and currency conversions,
- set a password which allows you to create secret records, and
- transfer information to and from your IBM-compatible personal computer with the purchase of a connectivity kit (see “Specifications” for ordering information).

Your organizer comes with the batteries already installed. All you have to do to get started is carefully remove the battery insulation tape from the battery compartment. To learn how, read “Getting Started.”

Getting Started

Before you can use your organizer for the first time, you must remove the battery insulation tape from your organizer.

1. **Turn your organizer over.**
2. **Carefully pull the battery insulation tape out of the battery compartment.**

Note: You may have to reset your organizer by using a paperclip to *gently* press the Reset button, located on the back. Press Y to start the reset and display *DEL SECRET?*. To reset only your secret memory, press Y. To reset your entire organizer, press N when *DEL SECRET?* is displayed, and then press Y when *ERASE DATA?* is displayed.

Warning! Resetting your organizer erases all stored data. Only perform a reset if you do not need the data currently stored in your organizer.

✓ To Use the Backlight

Your organizer has a backlight to illuminate the screen at night or in other low-light conditions. To turn the backlight on, first turn on your organizer and then press . The backlight will stay on for as long as you press the keys and will turn off automatically 20 seconds after your last keystroke. To turn the backlight off, press .

Using the Clocks

Your organizer has two clocks that keep the time and date simultaneously: a Home Time, which can keep your current time, and a World Time, which keeps the time of 32 cities throughout the world.

To Set the Home Time

1. Press  TIME until the Home Time is on the screen.

The Home Time does not display a city code.

2. Press PROG.

3. Press ◀ to select the hour and use the number keys to type your changes.

Note: You cannot change the seconds.

4. Continue setting the time by using ▶ or ◀ to select the minutes, year, month, and day and then typing your changes.

5. Use ▲ or ▼ to scroll through the list of world cities (see the chart) until you find one that is in your time zone.

To switch between a.m. and p.m., press X(AM/PM) repeatedly.

To switch between 12-hour time and 24-hour time, press Z(12/24) repeatedly.

To set the time to daylight saving time, press C(DST).

The ✱ marker indicates daylight saving time.

6. When you are finished, press ENTER.

The day appears on the top left of the screen.

Using the Clocks

To Use the World Time

1. Press  **TIME** until World Time is on the screen.
The World Time displays a city code (e.g., *LON*).
2. Use **▲** or **▼** to scroll through the list of world cities.

City Code	City Name	City Code	City Name	City Code	City Name
HNL	Honolulu	BER	Berlin	DAC	Dhaka

RIO	Rio de Janeiro	KBL	Kabul	NOU	Noumea
LON	London	KHI	Karachi	WLG	Wellington
PAR	Paris	DEL	Delhi		

Note: The World Time is based upon hours added to or subtracted from the Home Time zone. It is not a separate clock and cannot be set.

✓ To Hear the Keytone

Press **V**() to enable the keytone when the Home Time is on the screen. To disable the keytone, press **V**() again.

✓ About the Auto-shutoff

If you forget to turn off this organizer, it will automatically shut off in about six minutes. To turn your organizer back on, press **ON/OFF**.

Using the Daily Alarm

You can set a Daily Alarm that acts as an alarm clock which chimes once a day at a specified time. When an alarm sounds, simply press a key to stop it. The alarm will sound for 20 seconds if you do not stop it. Even if your organizer is turned off, the alarm will sound and the organizer will automatically turn on.

To Set the Daily Alarm

1. Press  SCHD/ALM until **ALARM** is on the screen.

2. Press **PROG**.

The first digit in the hour flashes.

3. Use **▶** or **◀** to highlight a desired digit in the time and then type changes with the number keys.

To change the Daily Alarm time to a.m. or p.m., press **X(AM/PM)** repeatedly.

4. When finished, press **ENTER** to set and enable the Daily Alarm.

The ((101)) marker appears on the screen to indicate that the Daily Alarm is enabled.

To disable the Daily Alarm, press **V(🎵)** and the ((101)) marker disappears from the screen.

Using the Phone Directories

Your organizer has three Phone directories (Tel1, Tel2, and Tel3), which contain phone records. Phone records are made up of eight fields of information: Name, Company, Address, Phone 1, Phone 2, Fax/Pager, E-mail, and Note. Each field can hold up to 48 characters, except Address, which can hold up to 96 characters.

To Enter a Phone Record

1. Press  **PHONE** until the desired phone directory appears.
2. Press **PROG**.
3. Type a name and then press **ENTER** to go to the next field.
To erase a typed character, press **DEL**.
4. Continue entering information and pressing **ENTER** to go to the next field until your phone record is stored.

To type a symbol, (i.e., -, ?, \$, etc.), press **SYM** repeatedly until the desired symbol appears on the screen. Note: **SYM** only types a hyphen (-) in a phone number field.

To skip a field, press **ENTER**. Note: You must type information in either the Name or Company field to store a phone record.

Your phone records are automatically sorted alphabetically by Name and Company.

Using the Phone Directories

To Find a Phone Record

1. Press  **PHONE** repeatedly to find the desired Phone Directory.

Note: You can search only one phone directory at a time.

2. Press the **SEARCH** keys (\vee or \wedge) repeatedly to cycle through the phone records.
3. To search for a specific phone record, type its first few letters and then use \vee or \wedge .

To see the fields in a phone record, press **ENTER** repeatedly.

If the text is too long to fit on the screen, use \blacktriangleright or \blacktriangleleft to see it.

You can also find a phone record by searching for information in its **Name** or **Company** fields. Simply use  **PHONE** to select the desired phone directory and then use **ENTER** to select *NAME* or *COMPANY* (displayed at the bottom of the screen). Then follow Steps 2 or 3 above.

Using the Phone Directories

3. Type your old password and press ENTER.
4. Press  SECRET again.
5. Type your new password and press ENTER.

Product Care

Your organizer is powered by three CR-2032 batteries - two main batteries and one backup battery that stores your data when you change the main battery. Do not press the Reset button when changing batteries. Doing so may delete all of your stored information.

The main batteries should be changed when *LOW BATTERY* appears on the display. The backup battery should be changed once a year.

Warning! When changing the main batteries, always make sure the backup is installed so no data will be lost.

To Change the Batteries

1. Turn your organizer off and turn it over.
2. Slide off its battery cover in the direction of the triangle.

The backup battery is located nearest the organizer's lid hinge.

3. To replace the main batteries, remove the old batteries and insert two fresh batteries in their place with the plus sides (+) facing you.
4. To replace the backup battery, remove the old battery and insert a fresh battery in its place with the plus side (+) facing you.
5. Replace the battery cover.
